The Saturn S-series was a family of compact cars from the Saturn automobile company of General Motors. Saturn pioneered the brand-wide "no haggle" sales technique. The automobile platform, the Z-body, was developed entirely in-house at Saturn, and it shared very little with the rest of the General Motors model line. It implemented a spaceframe design, which had been used on some Pontiacs ...

The J35A3 engine was installed in Acura MDX and Saturn Vue. 3. J35A4 (2001 - 2004) - this engine replaced J35A1. It featured a new intake manifold, its throttle body diameter was increased to 64 mm, and a new exhaust system was used.

Honda J35A/J35Z/J35Y engine | Its reliability, tuning, specs

This important engine part serves to recharge the engine battery and power your car's electric system. This is done by converting mechanical energy into alternating current electrical energy. As pulleys spin on the component, it captures and transforms the energy produced, passing it on to the battery and other necessary parts and systems.

Sinister Performance, LLC. Custom ECM/PCM Tuning

The engine already has been protected with DexCool (unless there's an assembly line change in the works) and it's reasonable to install that when you service that engine. However, to extend gasket life and protect the water pump impeller and chamber, it wouldn't be a terrible idea to flush the system and switch to a coolant with phosphates and ...
