Biology, while super informative and exciting to science junkies, can be a little dry. It can also be pretty intimidating. However, we're going to look at the light side: biology jokes! We definitely need to insert humor into biology. However, not literally into our biology. That could be painful. Or gassy. We've scoured the web ...

Students are graded on a scale of 1.0 to 4.0. A passing grade of 3.0 means the student earns an equivalent academic credit. This system eliminates the need to take introductory-level biology in college. AP Biology is an introductory biology class for students who want to study the field of biology further beyond high school.
