List of Mercury vehicles - Wikipedia

Full-size Ford is the popular term for a long-running line of Ford vehicles in North America with a shared model lineage. Beginning in 1908 with the Model T, the line ended fifteen generations later in 2019 with the production of the final Ford Taurus as Ford withdrew sedans from the North American market. With the exception of the Taurus (which entered production in 2005 as the Ford Five ...

Despite this, Ford continued to produce full-size luxury cars for the successful Mad Men of the 1960s and the large suburban family that needed to seat more than two kids and the family dog. Today, while the market for classics has risen, especially for mid-size muscle cars, the land yachts of the '60s and early '70s have gone relatively unnoticed by classic car collectors.
