Indonesia was formerly known as the Dutch East Indies (or Netherlands East Indies). Although Indonesia did not become the country’s official name until the time of independence, the name was used as early as 1884 by a German geographer; it is thought to derive from the Greek indos, meaning “India,” and nesos, meaning “island.”After a period of occupation by the Japanese (1942–45 ...

A robot is a machine—especially one programmable by a computer—capable of carrying out a complex series of actions automatically. A robot can be guided by an external control device, or the control may be embedded within. Robots may be constructed to evoke human form, but most robots are task-performing machines, designed with an emphasis on stark functionality, rather than expressive ...
