How to Speak Tech - The Non-Techie's Guide to Technology ...

The talk is 90% done now, but it still hasn't been given to an audience. I'll set a date with a local meetup and give the talk to a smaller group, usually 50-100 people. This is my first chance to give the talk in public and see how it lands. Usually people will come up to me after the talk and ask questions or give feedback.
