The Big Book Of Flip

Looks like an older flip phone, but is way more advanced. This phone has a 4G connection, can play videos, browse youtube and the web, run Google maps and assistant, connect through wi-fi, bluetooth and can even be used as a wi-fi hotspot using tethering (although so far have not got the hotspot to work properly).

BIG DATA PROBLEMS Information overload is a challenge for many businesses. The huge growth of unstructured information makes it very difficult to make the right information easily accessible. Information that is stored in separate silos is hard to access, rarely shared and difficult to know if it even exists.
