We used a concept mapping approach to create a model specific to the needs of learning in healthcare leadership. Our model was developed based on a comprehensive literature review, focus groups, concept mapping, and hierarchical clustering. Each of the 33 competency statements is an important concept of healthcare leadership.

Developing a model for effective leadership in healthcare ...

The curriculum for the MLIS program offers a multifaceted, wide-ranging selection of courses that allows students to follow a variety of career pathways or to pursue a more generalized program.
