Genocide is the intentional action to destroy a people—usually defined as an ethnic, national, racial, or religious group—in whole or in part. A term coined by Raphael Lemkin in his 1944 book *Axis Rule in Occupied Europe*, the hybrid word genocide is a combination of the Greek word γένος (genos, "race, people") and the Latin suffix-caedo ("act of killing").

The destruction of education in short occurs from two directions, the commoditisation of education, and the "communalisation" of education. The co-existence of these two tendencies in the sphere of education is the counterpart in the realm of education of the corporate-communal alliance that is holding sway in the sphere of the polity.

**The Destruction of Education | Peoples Democracy**

As the state's attitude toward economic life was becoming more non-interventionist, its attitude towards education was changing in the opposite direction. The 1837 founding of the Massachusetts Board of Education and the appointment of Horace Mann as its first secretary marked the transition into the modern epoch of education in America.
